

Appointment Reminder Cards

The following can be printed on the back of appointment reminder cards (either mailed or handed to patients), to remind them not only of their next appointment, but also about the importance of adult vaccination.

Some Things from Childhood Are Best Left Behind – Vaccines Aren't One of Them

Vaccines are recommended by the Centers for Disease Control and Prevention (CDC) and this office to protect adults from potentially deadly diseases. Please contact **[INSERT PHYSICIAN NAME]** for more information or to schedule a vaccination appointment.
